

Bearcat 20TD

Orbital Automatic Scrubber

Bearcat 20TD

Orbital Automatic Scrubber

Orbital cleaning

One-touch buttons

- True chemical free finish removal.
- Reduced noise levels to improve operator safety and daytime operation.
- Uses 70% less water and chemical free cleaning.
- 40% improved pad life.
- Increased productivity with long run time and less dump and refills.
- One-touch control panel for simple and effortless operation.
- Ergonomically placed control panel and handle.
- Large diameter, non-marking wheels provide high traction.
- Powerful ¾ hp motor drives high speed orbital agitation.
- Tool free squeegee removal with breakaway design to prevent damage.
- Easy to access battery compartment.
- Onboard charger.
- Rugged Polydur tanks withstand impact and resist chemical damage.
- Large opening for easy cleanout of recovery tank.
- Convenient front and rear solution fill.

Specifications

Model	Bearcat 20TD
Item #	86016
Scrub Head Type	Orbital Scrubbing
Cleaning Width	20 in
Drive Type	Power Traction
Working Voltage	24 V DC
Standard Batteries (2)	12 V 130 Ah @ 20 hr rating (wet)
Battery Protection System	Low voltage cut-off of brush and solution
Vacuum Motor Power	0.5 hp, 2-stage tangential discharge
Solution & Recovery Tank	14.5 gal
Solution Flow	0 - 0.3 gal/min
Brush Motor Power	0.75 hp (560 W)
Brush Pressure	40 & 75 lb
Disc, Pad, Brush Sizes	14 x 20 in
Brush Speed	2,250 RPM
Sound Level	65.8 dB A
Onboard Charger	Standard
Dimensions	51 x 29 x 42 in
Width (without squeegee)	20 in
Squeegee Width	29.9 in
Agency Approval	cETLus
Warranty	Polydur Body - 8 Years, Parts - 3 Years, Labor - 1 Year Batteries - 18 months prorated (90 days unconditional)
