

# PREPARE TO BE FLOORED!

VS

**\$6999\***

**\$699**

The OmniFlex™ AutoVac is an automated high performance floor machine that rivals the performance of an autoscrubber – at a fraction of the cost! In fact, in tests performed by a major university, the AutoVac and autoscrubber both removed over 98% of targeted soil. Not bad when you consider that it costs about 90% less than an equivalently sized autoscrubber, and sometimes way less! Hard to believe? Contact us today for a FREE no-obligation demo of the “Unscrubber.” Seeing is believing.

\*Based on an actual advertised price of a 28" auto scrubber. Prices may vary.

# THINK SIMPLE.

VS

How did something as basic as cleaning get so complicated? And expensive? When did we start needing a fleet of costly specialized equipment to clean a building?

At Kaivac, we're all about simplifying your life. That's why we built our patented OmniFlex™ Crossover Cleaning systems to tackle just about every surface, space and task throughout your building. Now you can deep clean restrooms, kitchens, hallways, lobbies, gyms, stairwells, surgical suites and more. You can even clean carpets. Did we mention stripping and waxing? And there's more.

No wonder our customers are using them in place of autoscrubbers, carpet extractors, vacuums, grout machines, mops, buckets, and more. Now that's simple. And cheap.

So isn't it time you made the switch? Before you spend another dollar on pricy products that only do one thing, check out Kaivac in your own facility. Let us show you the power of simplicity.
